

Program Presenters

Karen Bain: RN BS VP

Karen is Vice President of Clinical Operations and has been a Registered Nurse in the state of Massachusetts for over twenty-five years. For the last eleven years she has been working in the Assisted Living field, most recently as the Vice President of Resident Care for Benchmark. She has lobbied for new legislature and presented on various topics for the Massachusetts Assisted Living Association.

Karen is a certified Infection Control Preventionist and has lead COVID assessments throughout the state over the last 6 months, along with her team of Infection Control certified nurses.

Joe Veno: LNHA COO

Joe has been a licensed nursing home administrator since 1996 and known for his hands-on operations and financial management expertise.

In addition to his years of operational management success in the nursing home industry, Joe brings a wealth of experience in planning and organizing acquisitions, dealing directly with financial partners around refinancing activities, and developing new operations management contracts

2020 Educational Series

Operational & Clinical Management for Life After/With Covid-19

DATE: Tuesday, November 17 2020
Webinar: 10:00a.m.-11:30am

The goal of our program is to provide a brief history of Covid-19 actions. We then delve into controlling the fear and spread of Covid-19 and review reality of what we are facing. We will progress into a review of disease transmission and infection control standards as they specifically relate to control measures in Long Term Care facilities. In the end we will present methods to mitigate the fear and spread of Covid-19.
