Program Description:

Did you Receive your MDS Audit Request? They're Coming and you need to be Ready!

MDS audits are becoming more common with significant financial implications for nursing homes that are found to have fraudulent billing practices.

Since the public health emergency ended in May of 2023, there has been increased scrutiny around nursing home billing practices.

Medicare Administrative Contractors, and state Medicaid agencies have been increasing their oversight of MDS data.

These agencies use billing forms (UB04's) in conjunction with HIPPS codes from transmitted MDSs to determine if nursing homes have improper billing practices, billing outliers, or questionable billing patterns.

Objectives

In this session we will discuss Medicare requirements in nursing homes. Topics covered will be:

- 1) *Skilling requirements*
- 2) *Cut-letters*
- 3) *ICD-10 coding*
- 4) *Physician certifications*
- 5) *How to prepare for:*
 - a) *ADR's (Additional development requests)*
 - b) *RAC (recovery audit program) audits.*
